Joint project by **Sri Sandeepani Gurukula Trust India (SSGT)**
and **Global Organization for Divinity USA (G.O.D.)**

In the path towards universal brotherhood, His Holiness Maharanyam Sri Sri Muralidhara Swamiji says, “*Just as how food is essential for satisfying hunger, water for quenching thirst, air for breathing, medicine for illness, rest for the body and sleep for the mind, likewise the 'Hare Rama...' Mahamantra kirtan is essential for peace of mind and Liberation.*”

Attracted by his divine teachings and discourses, SSGT was established in 1995 for the social and spiritual upliftment of people.

In the USA, G.O.D was established in 2007 under the same guiding principles.

The Madhurapuri Ashram is located in the rural town of Maharanyam near Sriperumbudur in Tamil Nadu. Many social activities are undertaken in the Ashram and surrounding villages by **SSGT**.

There is a *goshala* to care for cows, *anna danam* food donations are given to the needy, educational grants and donations are given to the economically underprivileged, and **free medical services and consultations** are conducted for the public via the Premika Varadan Clinic instituted in the year 2000. Special health camps are conducted periodically in and around 15 villages surrounding the ashram to aid the poor and needy villagers.

For more than a decade, in addition to running free medical clinics, SSGT has served poor communities with no access to medical facilities through periodic medical fairs/camps.

Since 2009, G.O.D. has joined hands with SSGT on these projects and has helped add more advanced screening/prevention tests that have benefited thousands of people.

Types of Medical Camps Conducted

- Gynecology, Pregnancy and Women's Health Care camps
- Cancer awareness camps
- Breast and cervical cancer screenings and pap smears
- Vision and E.N.T. camps
- Pediatric camps
- Geriatric camps
- Dermatology camps
- World Diabetes Day and Heart Disease Awareness camps
- General Health, Healthy Living, Nutrition Awareness camps
- Environmental Awareness camp

The Project and its Purpose

PURPOSE AND LOCATION: The need for important first-aid and basic medical centers is increasing by the day. And in rural towns and villages in India, it is rare to find the essential medical facilities that are so easily available in cities.

With this essential need in mind, **SSGT** plans to establish the *Sri Bhagavan Nama Bodendral Medical Center* in Govindapuram, a village near Kumbakonam in interior Tamil Nadu.

WHY GOVINDAPURAM?: Govindapuram is an ancient, sacred village on the banks of river Kaveri, in the heart of the southern Indian state of Tamil Nadu. The little town resonates with the Divine Name, as this is where the great saint and philosopher, Sri Bodendral, who propagated the greatness of the Divine Name, attained *jeeva samadhi*.

Govindapuram is a small but growing town that caters to **hundreds** of pilgrims on a daily basis, **and is in dire need of proper medical facilities.**

SSGT wishes to contribute towards the establishment of a free medical center to cater to the welfare of the pilgrims and residents, who will benefit immensely from this initiative.
