Global Organization for Divinity

I want to congratulate the Global Organization for Divinity on your 10th anniversary and commend your organization for the many contributions that you have provided for our community and surrounding area.

The Global Organization for Divinity has contributed to the quality of life with your various cultural activities such as the unique Indian Classical Dance and Drama productions, and the Musical Concerts.

Your annual Health Fair has made a recognized and greatly appreciated contribution for citizens who benefit from the quality medical service that you have provided for our citizens each year.

We look forward to working with you over the coming years as you continue your impressive contribution of service to our community.

Sincerely,

A handwritten signature in cursive script that reads "Tom Reid".

Tom Reid
Mayor
