

GOPA KUTEERAM IS ...

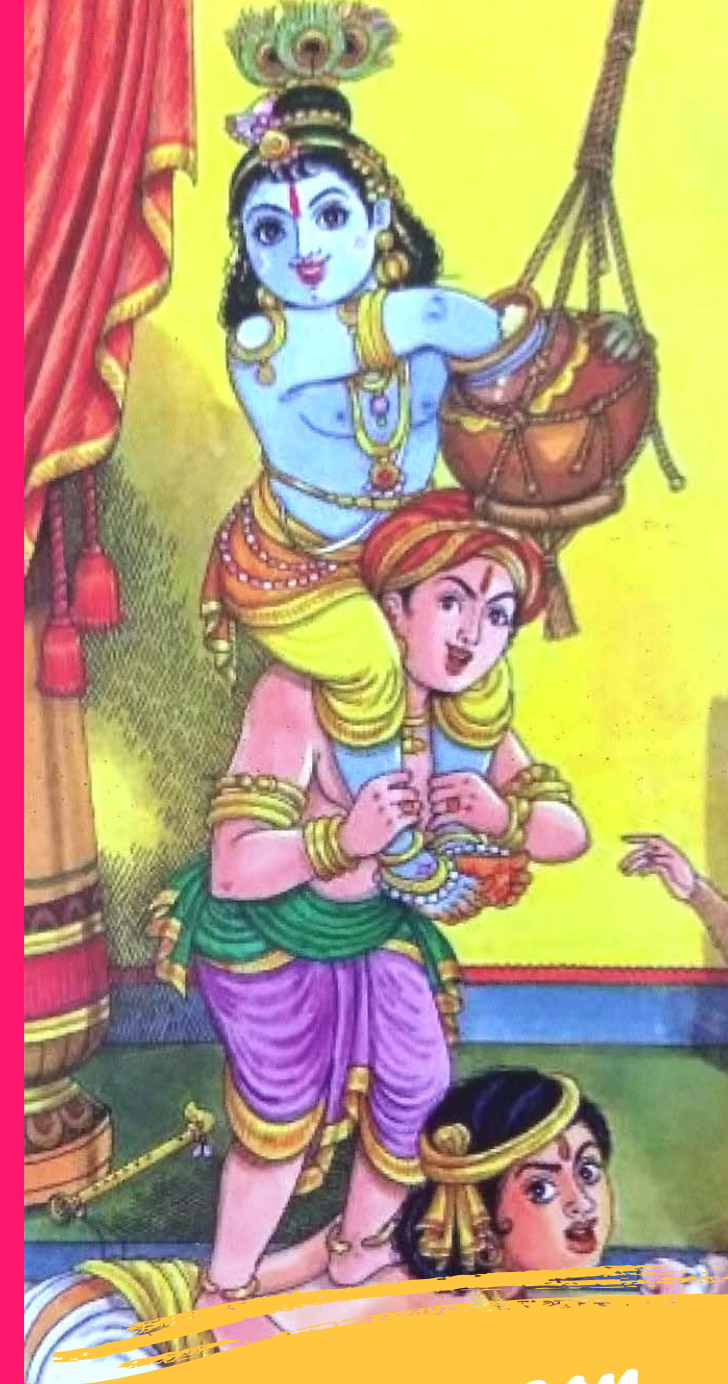

... a worldwide youth program conducted by Global Organization for Divinity, based on the devotional path of Bhagavata Dharma.

Gopa Kuteeram refers to the play-house of young Lord Krishna and the Gopas, His playmates of Vrindavan.

It signifies a place where children have enormous fun along with, and in the presence of, God. It is a place where they learn not only 'about' God, but more importantly, **how to connect with Him personally** and meaningfully. It is also a place where they learn to look at themselves and their life with a fresh perspective
